Question 5:

List the location number and name of locations that are part of the "Basketball arena". Your WHERE clause should not have a condition involving the facility number compared to a constant ("F101"). Instead, you should use a condition on the FacName column for the value of "Basketball arena".

Answer:

SQL> SELECT LocNo, LocName FROM Location, Facility
  2 WHERE FacName='Basketball arena'
  3 AND Location.FacNo= Facility.FacNo;

Screenshot:

```
SQL> SELECT LocNo, LocName FROM Location, Facility
  2   WHERE FacName='Basketball arena'
  3   AND Location.FacNo= Facility.FacNo;

LOCNO    LOCNAME
-------  ------------------------------
L103     Locker room
L105     Gate

SQL>
```
